Will Rogers Remarks

NEW YORK, Feb. 15. (To the Editor of The Times.) Somebody just left Yale \$3,000,000 as an endowment to study humans, including senior classmen. They want to figure out what kind of a heart beats under a raccoon coat. Yale wants to know why Notre Dame can throw a forward pass further than they can a green apple. It's a study "group conduct" and human behavior. Chicago is the place for that. All this stuff would have been a kick to Abe Lincoln, wouldn't it? A college president's work nowadays consists of thinking up new things for the students to play with that look like studying. A kindergarten teacher ain't in it with schemes in trying to amuse.

Measure of Box Passes House

Legislation Designed for Checking Immigration Across Border

Deportation of Criminal Foreigners Put Off by Dry Amendment

BY ROBERT B. ARMSTRONG
Times Staff Correspondent

WASHINGTON, Feb. 15. (Exclusive)—In a session given entirely to immigration questions, the House today passed a bill by Representative Box, Democrat of Texas, designed to cut down the daily flow of aliens across the Canadian and Mexican borders, and another by Representative Free, Republican of California, permitting entry of skilled craftsmen and technicians of types not available in this country.

A third measure in the "all for this Congress" program of the House Immigration Committee was put over until tomorrow. It was sponsored by Representative Johnson of Washington, chairman of the Immigration Committee, and provides for the deportation of chronic alien-law violators. As soon as it was taken up, Mr. Johnson offered a committee amendment broadening its application to include aliens found carrying or possessing firearms or bombs. This was aimed at the situation in Chicago and was particularly timely in the face of the execution yesterday of seven Chicago gangsters by a rival band in one of the worst crimes that has yet grown out of gangland warfare.

Banks' Calling of Loans and Flurry in Money Rates Cause Shares to Slump \$2 to \$12

NEW YORK, Feb. 15. (AP)—Concerted action by banking authorities to force a reduction in brokers' borrowings, reflected in the calling of \$60,000,000 in bank loans, a flurry from 6 1/2 to 10 per cent in the call money rate and higher charges on bankers' acceptances and time money brought about heavy liquidation on the New York Stock Exchange today. Prices of active issues dropped \$2 to \$12 a share.

Chicago Police Accused in Gangster Execution

Dry Chieftain Declares Disgruntled Officers 'Got Even' When Their Protection Money Stopped

CHICAGO, Feb. 15. (AP)—Theories were all investigators had tonight after unceasing efforts to find the gunmen who yesterday trapped and summarily executed seven members of the powerful North Side Moran gang.

One theory, so sensational that it created a furore in official circles, was that hi-jacking Chicago policemen, disgruntled at refusal of the Moran gang to pay them protection money, themselves had invaded the Moran stronghold, lined up the seven men found there and shot them to death in retaliation and to avoid exposure. This theory was advanced by Maj. Fred D. Sillaway, assistant prohibition administrator, who said he possesses facts tending to support it.

STARS SIGN FOR "BURLESQUE"

Roland Young of Stage Fame Will Play in M.-G.-M. Film; Barbara Bennett Plays Opposite Hubby for Pathe; Dane Arthur in Burlesque Western

BY GRACE KINGSLEY

Metro-Goldwyn-Mayer are anxious all the good stage talent they can find, apparently. They have just signed Roland

the stage in New York, but will leave almost at once for the West to take up the part which he is to play. He has played many notable parts in the East.

Another role, a comedy part, is to be played by Folly Moran, who at present is appearing with Kagi Dane and George K. Arthur in an M.-G.-M. comedy which Charles Reisner is directing.

Dane and Arthur survive. Of all the comedy teams which have appeared on the screen it appears that the only one to survive

is that composed of George K. Arthur and Karl Dane, under contract to Metro-Goldwyn-Mayer. These two are at present making "All At Sea" under direction of Charles Reisner.

They are scheduled to make still another, to be a travesty on the western picture, and which will be a talker. Reisner, who has been very successful in the direction of these two, will probably once more guide them in their comic goings-on.

When Paramount started out to film "Burlesque," they felt that they must do their best in regard to the cast.

They are doing so, with the result that two very famous players have been added to the Paramount Players roster. They are May Boley and Al St. John.

Both have been signed by Paramount for leading roles in this production. May Boley will have the role of Gussie, while St. John will be Boco.

St. John, who starred for years in his own comedies, has lately been furnishing the comedy relief in big features, and only recently finished a comedy part in "She Goes to War," for United Artists, a characterization which is said to be those who have seen the picture to fairly steal the honors.

Miss Boley is well known for many noted stage characterizations, including the comedy lead in "Bill the Deck," and formerly both here and in New York in "So Long Letty," and other musical comedies. She has spent most of her recent professional years in musical hits in New York.

"Burlesque" is to be one of the great pictures of the Paramount year, with heavy preparations now under way.

Barbara Bennett with Pathe. Word having just reached Hollywood that Barbara Bennett, daughter of Richard Bennett, was recently married to Morton Downey, young American actor who is being featured by Pathe in several all-talking and singing pictures which this company is now filming in New York, we are pleased to note further developments.

According to the information just received, Miss Bennett signed two contracts, for, in addition to agreeing to become Mrs. Morton Downey, she will also be her husband's leading lady in "Mother's Boy," the first picture of this series.

"Mother's Boy" is based on a story by Gene Markey, who also prepared the continuity. It is being produced by Robert T. Kane.

Al also learned yesterday that Pathe has signed George LeMaire, well known as a producer and comedian of stage reviews, to produce a series of twelve two-reel all-talking comedies in New York and Hollywood.

Norman Taurog to Direct. That inventive young director, Norman Taurog, will make the next Clark and McCullough Fox-Motion picture comedy, it was announced yesterday.

The title selected is "The Medicine Man," and the story will go into production immediately with Sylvia Field, who recently played the ingenue lead in "The Royal Family" in New York. In the leading feminine role.

Others in the supporting cast are Gavin Gordon, in a juvenile role, Sylvia Bonifacio, Clifford Demsey and Fred Graham.

Taurog has been responsible for several recent successes. He directed "Lucky Boy," which opens at the Tower on Monday, and which has scored in New York and Chicago. "The Diplomats," another Clark and McCullough comedy which he directed, is now having a successful run at the Gaiety Theater in New York.

Tyler Brooke with De Mille. The European vacation of Tyler Brooke has been cut short by a request of Cecil B. De Mille that the clever comedian return to play a fun-making role in "Dynamite," the producer's next production for Metro-Goldwyn-Mayer.

Brooke had no \$200,000 of the train than he was whisked to De Mille's set to start work. The European trip just completed was his first vacation in years.

Estelle Taylor leaving. Having completed her role in Lon Chaney's current picture, Estelle Taylor is leaving on Monday for Miami, Fla., to join her husband, Jack Dempsey. She will be gone several weeks.

"Broadway" Progresses. We are used to hearing about immense sets for pictures, but the big case set for "Broadway" is really one of the largest ever built. In it could be placed the whole of the "Notre Dame" street and church, it is alleged by Universal officials.

Fifteen hundred extras yesterday appeared in the set scenes, and there was splendid entertainment for the few persons permitted on the stage. There were dances, songs and immense ballets, all under direction of Paul Fajos and his assistant experts.

Ken Maynard has made voice tests preparing for a talking picture, and has been pronounced okay. The First National star predicts a new popularity in westerns with sound accompaniment.

The photograph shows a large, multi-story building with many windows, possibly a government or institutional structure. In the foreground, there is a large, dark, curved structure that appears to be a bridge or a large overpass, partially obscuring the building. The image is grainy and has a high-contrast, almost abstract quality.

CLUB TO BOOST ORATORY FORMS

South Pasadena Organize to Inspire Contest

Grid Speaker of Fairfax High Among Entrants

Student Plans to "Go After" Law-Enforcing Issue

The Senate Club of South Pasadena High School devoted an hour yesterday to a "rally for the Sixth National Oratorical Contest on the Constitution." This club is a novel method of instilling interest in oratory, parliamentary procedure and government in young students. Benjamin E. Page, son of the late Gov. Markham of California, is president of the club.

"We may not be as formal as the real Senate of the United States, but we find that the study of the Constitution holds a serious thought when we endeavor to carry out a Senatorial procedure," said the young president. "As yet we have not considered any amendments to the Constitution but in the preparation of orations the students are going into details of the needs of the day and are ahead of us when we will have to do our bit in the responsibility for law and order."

AT FAIRFAX HIGH
The proceedings yesterday indicated the underlying spirit of American citizenship, which is being fostered by the oratorical contest. After an address, which lasted half an hour, bearing on the Constitution, many questions were asked and a very lively interest in the matter of topics and method of handling them was evidenced.

At Fairfax High School, Los Angeles, many orations already are rounded out. Among the leaders are Ralph Lazarus, known as the "gridiron orator" because of his work in football. He has chosen as his subject, "The Constitution is the only student in this school who was a former entrant in the contest and also won first place in a recent extemporaneous contest held in Los Angeles. He is editor of the school annual, the Colonial.

AS TO DRY-LAW QUESTION
Other students and their topics for orations are Frank Lee, who will discuss, "The Constitution and the Citizen," Earle Vaughn, who will talk on "The Constitution and Its Effect on Modern Youth," Marion Harris, orating on "The Constitution, A Living Document," and Jesse Castellberry, who chose as a topic, "Alexander Hamilton and the Constitution."

"May I go after the failure of law enforcement and the Volstead Act?" asked a student at South Pasadena High School yesterday. He was told that he could. Another contestant wanted to know if he would be allowed to discuss the Sherman Antitrust Act in his relationship to commercial development. All acts of Congress are based on the provisions of the Constitution, otherwise they would be unconstitutional.

At the Chino High School of Chino, Cal., the entire classes in English and public speaking have entered the contest, and the dramatic class of the school raised a purse of \$10 to be divided into three prizes of \$5, \$3 and \$2 for the three winners in the local school elimination.

A slave to SORE THROAT

—needlessly. Gargle Listerine—kills germs in 15 seconds

Are you miserable half of the time—a needless slave to sore throat? At the first sign of sore throat, gargle with Listerine, full strength. Time and time again it checks sore throat before it gets serious.

Because Listerine, full strength, is powerful against germs that cause colds and throat irritation. For example, it kills even the stubborn B. Typhosa (typhoid) germ in 15 seconds. Repeated tests prove it.

You will be delighted to find how quickly Listerine checks ordinary colds of colds and sore throat. When it does not, call your physician.

Our helpful free book, "Personal Hygiene," is worth having. Write to Dept. S-71, Lambert Pharmaceutical Company, St. Louis, Mo., U. S. A.

Funeral For Dr. Trinwith Not Yet Set

Opening of Hollywood Establishment Marks Notable Achievement of Well-Known Merchandisers

Funeral arrangements have not yet been completed for Dr. Thomas Henry Trinwith, 51 years of age, who died unexpectedly Thursday night from heart disease at his home, 3101 Fletcher Drive. He was in active practice here as a physician and surgeon with offices in the Black Building.

Born at Menominee Falls, Minn., Dr. Trinwith came to Los Angeles fourteen years ago. Each year, since he retired from active participation in the "gold rushes," Dr. Trinwith spent some time drilling on his property on Whitehorse Mountain, Nevada. He was known to many of the Indian tribes whose members called him "Chief."

He leaves his widow.

AUTO SHOW TO SET RECORD

Exhibition Here in March Planned to be Made Greatest Ever Held in United States

Los Angeles motor car dealers will hold their sixteenth annual automobile show from March 2 to 10, inclusive, according to an announcement last night from the headquarters of the dealers' association here. Four huge tents at Washington and Hill streets will house the show, and with the opening date just two weeks away, preparations for the exhibit already are well under way.

More than 150,000 square feet of floor space will be available, making the Los Angeles exhibit one of the largest anywhere in the United States. Practically every standard motor car made in America will be included in the showing, with a representative showing of models of every line. A total of more than 300 passenger cars will be seen at the Los Angeles show. Commercial cars, too, will be well represented with sixty different models ranging from heavy duty to light delivery cars.

As in past years the show actually will deserve the title of a transportation show rather than strictly an automobile exhibit. Airplanes will be shown, and a motorboat exhibit more complete than anything attempted in the past likewise will be included.

Due to the fact that the Los Angeles market is recognized in the industry as one of the most important automotive sales fields in the United States, an unusual degree of factory co-operation in giving exhibits is promised for the forthcoming show. Special chassis exhibits prepared for the New York and Chicago national shows have been promised for the Los Angeles showing, as well as many cars that were finished especially for the two big eastern events.

An elaborate scheme of decorations, promising to outdo anything attempted in the past is to feature the forthcoming show, according to the dealer committee which has the arrangements in charge. Walt L. Moreland is chairman of the show committee. Other members are Winslow B. Felix, J. Benjamin Fahy, J. M. Sterling and Herbert M. Woodward. Burt Roberts, executive secretary of the dealer association, is manager of the show.

It's a common mistake, Palomine, that anyone can get to the front by being a good showman. The reason so many earnest strivers fail is that they don't first provide themselves with something to show.

QUESTIONS AND ANSWERS
DYEING HAIR
Question: M. R. J. asks: "What kind of dye do you suggest one use to darken the hair?"
Answer: Different types of hair require varying formulas. Any dye not containing lead or gallic acid might be used, but I suggest you first consult a competent hair specialist regarding the type most suitable for your hair. It is well to try the effect upon a small strand first to see what the general effect will be.

STARCH IN BEAN
Q: D. K. L. asks: "Does bean contain very much starch in comparison with whole wheat? We are using your muffin recipe, using half bean and half whole wheat. By using half one and half the other, is the starch content cut down?"
A: Bean contains very little starch in comparison with either whole wheat or white flour. You will find difficulty in making bean muffins out of real whole wheat flour and bean mixed half and half unless you use sugar or a large amount of shortening, as the muffins will be crumbly and will not stick together enough for you to bake them. The whole wheat flour you are now using is probably not entire wheat flour, but one of the 40-60 kind, which demands punishment. Mrs. A. O. L. suggests one sensible way to avoid such a situation:

CLABBER MILK
Q: May J. asks: "Does not a pint of clabber milk with a baked apple, an orange, or grapefruit make a delicious breakfast?"
A: Clabber milk combines better with the baked apple or with some other stewed fruit than it does with orange or grapefruit. This is probably because the clabber milk contains quite a large amount of lactic acid which would not combine well with the citric acid of the orange or grapefruit. Pair Captured as Fugitives From Prisons
Two men described as escaped convicts were captured by police yesterday. One is Clyde L. Taylor, 32 years of age, who, police records show, escaped from the prison grounds at Potosi October 12, 1928, where he had four years of a seven-year sentence to serve for forgery. The other is J. C. Anderson, 26, who is said to have escaped from Balcon Rouge penitentiary after substituting in his record file another prisoner's finger prints while employed in the executive office. He admitted also, police assert, that he is wanted for violation of parole from Leavenworth Penitentiary. Anderson was arrested here under the name of Charles C. Dunning for passing counterfeit checks by Detective Lieutenant Wells. Taylor was arrested by Detective Lieutenants Malina and Woolman in Manhattan Beach. Both men will be returned to prison authorities.

KFQZ Announces Change in Wave Length

BY DR. RALPH L. POWER
The infrequent radio visits of Frederick Warde, eminent interpreter of Shakespearean roles, always have been eagerly awaited by fans. So perhaps more than ordinary significance will attach to his appearance tonight in the studio of KHJ, the Don Lee station, between 7:30 and 8:30 o'clock.

TO BE JEALOUS
It is as common enough in some households for parents to play upon the natural emotion of jealousy for their own selfish motives. A father, much to his shame, isn't above saying to the child: "See, I am jealous of your mother, because she is so much more beautiful than I am." A mother is pleased when her young son shows jealousy of her attention to his father and instead of clearing up the situation she plays upon it, because it gratifies her to be the favorite in the household.

NEW WAVE LENGTH FOR STATION KFQZ
According to announcement from KFQZ, Los Angeles, the Radio Commission has given the station permission to change its wave length to 460 kilocycles or 650 meters. The former frequency was 350 kilocycles, 857 meters.

A child can be no better than his reputation. If the attitude of those about him makes it plain that they consider him a troublesome fellow given to bad temper and habitual disobedience, he will quite certainly justify their opinion. If, after he has appropriated some loose change and failed to give a truthful account of the incident, he feels that confidence has been withdrawn, that he is looked upon as a thief and a liar, he will most surely live up to the worst that is expected of him.

Pair Captured as Fugitives From Prisons
Two men described as escaped convicts were captured by police yesterday. One is Clyde L. Taylor, 32 years of age, who, police records show, escaped from the prison grounds at Potosi October 12, 1928, where he had four years of a seven-year sentence to serve for forgery. The other is J. C. Anderson, 26, who is said to have escaped from Balcon Rouge penitentiary after substituting in his record file another prisoner's finger prints while employed in the executive office. He admitted also, police assert, that he is wanted for violation of parole from Leavenworth Penitentiary. Anderson was arrested here under the name of Charles C. Dunning for passing counterfeit checks by Detective Lieutenant Wells. Taylor was arrested by Detective Lieutenants Malina and Woolman in Manhattan Beach. Both men will be returned to prison authorities.

HAWAII MURDER CASE SENT HERE
Plea for New Trial Planned by Honolulu Lawyer
Boy's Slayer Said to Have Had Unfair Hearing
Action May Set Precedent in Insular Affairs

An unusual precedent in American legal practice will be established by the United States Circuit Court of Appeals if Robert K. Murakami, 28-year-old Japanese attorney of Honolulu, who arrived here yesterday aboard the Lasso liner City of Los Angeles, is successful in his fight to obtain a new trial for Myles Y. Fukunaga, Japanese youth convicted of the kidnapping and murder in Honolulu last September of 10-year-old Gill Jamieson.

Murakami said yesterday he is convinced Fukunaga has not had a fair trial and as evidence of this declaration pointed out the unusual expedition of the case.

He was arrested on September 22, confessed the crime and was not given an attorney until September 25," said Murakami. "Only a week later, on October 4, the boy was found guilty by jury in Circuit Court and on October 8, sentenced to hang, the court setting his execution for October 22."

In his confession, the Japanese told officers he had made close psychological studies of the Leopold-Loeb and Hickman murders and was seeking to parallel them.

Suicide Halts His Craving for Narcotics' Use
Rather than face a return to the use of narcotics, a man whose identity is being sought by the police ended his life by inhaling ether and chloroform fumes in a hotel room at 211 1/2 East Fifth street. The body was found yesterday by the landlord.

The man registered at the hotel last Wednesday as J. B. Smith, the landlord informed detectives. Information at the Coroner's office disclosed his resemblance to R. D. Vedder, supposed to be missing. By the body on the bed the detectives found the following unsigned note: "Don't try to find out who I am. I am just a poor discouraged failure who has only courage left to keep a vow never to go back to the use of dope. Let my death attract as little attention as possible. May God forgive me if I am doing wrong."

Trick Charged Against Husband in Divorce Case
Asserting that her husband tricked her into waiving her right of filing a new divorce action against him, Mrs. Gertrude Virginia Henry yesterday asked Superior Judge Schauer to modify a divorce decree giving him custody of her two children.

According to an agreement with her husband, Mrs. Henry asserts, she was to have custody of her sons part of the time. This agreement was broken, she says, after lapse of the time for filing a new divorce action which she had proposed.

PAIR HELD IN THEFT OF CHECKS
Arrest of Man and Wife Believed End to Postoffice Mystery Lasting Year

Complaints charging theft of a large number of checks from lock boxes at Postoffice Branch Station C, Ninth and Olive streets, were filed yesterday before United States Commissioner Head against James J. Donnelly, 38 years of age, and his wife, Florence Bernice Donnelly, 35.

They were arrested Thursday night by Postoffice Inspector Lowe and Detective Lieutenants Lloyd and Jamison, after Lowe had worked for a year, gathering information about the theft of thousands of dollars' worth of checks from the boxes. The detectives assert that confessions were made by the pair. They also say that, when arrested, Mrs. Donnelly threw away a bunch of keys which were recovered. These would open any of the boxes in the branch office, it is stated.

"No boiling needed," says Mrs. L. J. Gage, 344 N. Hayworth St.
"I learned about Rinso from a neighbor. She found me scrubbing one day and said, 'You must enjoy scrubbing clothes, or else you'd let Rinso soak out the dirt. I thought she was exaggerating, but I tried Rinso anyway—and my! what a surprise. The dirt and stains seem to float right off and my wash was the whitest ever! And it's great the way this hard-water soap saves the clothes; they don't need to be scrubbed or boiled.'"
MRS. L. J. GAGE, 344 N. Hayworth St., Los Angeles, Cal.
